Biomass **20** (1989) 305–306

CONTENTS OF VOLUME 20

Number 1 &2

Special Issue: Bioenergy in China

Guest Editorial 1

Biomass Gasifiers: From Waste to Energy Production. 3
GAO XIAN SHENG (People's Republic of China)

The Development of Wind Pumping Technology in China 13
JIURUI SHI, DECHANG SHEN & JIANMING WEI (People's Republic of China)

The Strategy for China's Rural Energy Development 25
ZHU SHI-WEI (People's Republic of China)

Experiment and Research on a Mesophilic Anaerobic Digester with Dairy Cattle Manure in Northern China 41
TANG WENXIU & WANG MENGJIE (People's Republic of China)

A Study on Compressed Biogas and its Application to the Compression Ignition Dual-Fuel Engine 53
JIANG CHENG-QIU, LIU TIAN-WEI & ZHONG JIAN-LI (People's Republic of China)

An Analysis of Domestic Biogas Storage Installations in China 61
ZHANG DATONG (People's Republic of China)

The Current Status of Agricultural Geothermal Utilization in China 69
CHU BIN (People's Republic of China)

Small-Scale Hydropower in China 77
ZHENG NAIBO, SONG SHINGYI & HUANG ZHENGLI (People's Republic of China)

Designing Theory of Point-focusing Solar Cookers 103
GAO YUANCHAO, LIU ZUDE & CHEN XIAOFU (People's Republic of China)

Research and Development of Solar Cookers in China 113
CHEN XIAOFU & GAO YUANCHAO (People's Republic of China)

Short Communications

Highly Efficient Firewood-Fuelled Cooking Stoves 125
CUI YAUNBO (People's Republic of China)

Research on Sweet Sorghum and its Synthetic Applications. 129
LU NAN & JIANXUE MA (People's Republic of China)
